## Acceptable Use Policy

Granger Christian School provides computer, network, and Internet access to individuals as part of the learning environment. The use of these resources is a privilege and not a right. While these systems have the power to deliver a vast number of resources to classrooms and enhance education, their effectiveness depends on the responsible and ethical use by every individual. Violation of this administrative rule may result in the loss of this privilege and may result in discipline or litigation in accordance with board policy and state and federal law.
